Golden Concepts				
Discovering Contextual Knowledge	Enquiry and Investigation	Following Directions and Maps	Interpreting a range of Knowledge	Understanding Processes of Geography

What I will know by the end of the unit:

Key Vocabulary	
Settlement	A place where people live.
Patterns	The way in which settlements are set out in an area.
Africa	The world's second largest and second most-populous continent
Continent	The world's main continuous expanses of land.
Urbanisation	The proportion of the world's population that lives in cities.
Economic Activity	How a country or place is doing in making goods, and how much money it has.
Distribution	The way something is spread out or arranged over a geographical area.

To explain what urbanisation is.
To describe and understand economic activity, and the distribution of natural resources including energy, food, minerals and water.
To describe and understand different types of settlements and land use.
To explore and explain topical Geographical issues and understand how these issues have changed over time.
To recognise how conflicting demands on the environment may arise.
To begin to explore the continent of Africa.
To locate Africa on a map of the world.
